Season of Creation

Reduce, Reuse, Recycle Thursdays

We live in a culture of having and buying, where it is often easier to get something new rather than take care of all that we have.

Let’s try to reduce by simplifying the consumption of certain products that may be unnecessary (whether water, energy, food, or household products), reuse by looking for another purpose for our things or sharing them with others, and recycle in the appropriate manner once a product has fulfilled its functions in every way. When we do this in our homes, workplaces, churches, and schools, we not only help our earth but initiate a culture of giving in our communities.

Lord - in Your mercy, You have designed an earth that can provide enough for all. And in Your wisdom, You have created an earth that also requires our care to preserve it. Give us strength to joyfully fulfill our responsibility.

Take Action!

- Carry your own reusable straw and tableware for restaurants that use disposables
- Think about why you don’t recycle (or do enough) and find creative ways to overcome those barriers
- Go paperless with bills, insurance claims, financial statements, store receipts, meeting handouts, etc.
- Reuse glass bottles and jars as vases, to store bulk pantry items, or as bathroom/office organizers

OurCommonHome.org

From Sept to Oct each year, Christians around the world celebrate the Season of Creation by praying and acting together to protect our common home. Find resources and sign up for more tips to your inbox on the website!
