

## Tulip Poplar *Liriodendron tulipifera*

**Mature Height / Spread :** 70-90' / 35-50'  
**Growth Rate:** 2 or more ft/year  
**Height at delivery:** 2-3 ft  
**Sun/Soil:** Full sun, moist, well-drained soil

**Notes:** State tree of Indiana. Fast growing with tulip-shaped flowers and vibrant yellow color in the fall. Seeds provide food for both birds and mammals.

## Bur Oak *Quercus macrocarpa*

**Mature Height / Spread :** 50-60' / 20-40'  
**Growth Rate:** 1 or less ft/year  
**Height at delivery:** 2-3 ft  
**Sun/Soil:** Full sun - part shade, moist soil

**Notes:** Oaks are the #1 species for wildlife. Bur oak is a striking shade tree which can live for 200-300 years. Good for wet spots; tolerant of drought & heat.

## Eastern Redcedar *Juniperus virginiana*

**Mature Height / Spread :** 40-50' / 8-20'  
**Growth Rate:** 1-2 ft/year  
**Height at delivery:** 2-3 ft  
**Sun/Soil:** Full sun, most soils

**Notes:** Dense pyramid shape excellent for windbreaks. Berries attract birds. Tolerates heat, wind, salt, and a variety of soils.

## Planting Tips

*Remember to consider above and below ground and always call 811 before you dig!*

## Roughleaf Dogwood *Cornus drummondii*

**Mature Height / Spread :** 6-15' / 6-15'  
**Growth Rate:** 1-2 ft/year  
**Height at delivery:** 2-3 ft  
**Sun/Soil:** Full sun - part shade, moist soils

**Notes:** Dependable shrub or small tree with tiny creamy-white flowers and white berries. Provides cover for wildlife. Good for shrub borders.

## Common Ninebark *Physocarpus opulifolius*

**Mature Height / Spread :** 5-10' / 4-6'  
**Growth Rate:** 1-2 or more ft/year  
**Height at delivery:** 2-3 ft  
**Sun/Soil:** Full sun, most soils

**Notes:** Named for unusual bark which peels in strips to reveal several layers inner bark. Pinkish-white flowers and 4 season interest. Resilient with compact size.

Additionally, packets will come with info sheets containing specific planting instructions.

*Note: \*Zinnias are non-native, but we have included them as a good annual choice, non-invasive and great at feeding pollinators and birds!*

## Blazing Star *Liatis spicata*

100 seeds / packet | Perennial | Sun

The Blazing Star is an excellent variety that attracts butterflies, bees and hummingbirds and matures to 4 feet in wet to mesic soil conditions. When it begins to bloom it starts at the top and works its way down.

## Blue Indigo *Baptisia australis*

25 seeds / packet | Perennial | Sun

Blue Indigo produces very attractive deep blue blooms and great bushy foliage that can be enjoyed all summer long. This easy-to-grow plant can grow up to 4 feet in height and its dense leaves can give it a shrub-like appearance.

## Lance-leaved Coreopsis *Coreopsis lanceolata*

500 seeds / packet | Perennial | Sun, Shade

The Lance-leaved Coreopsis is a very popular and beautiful, golden meadow flower that will bloom all summer long and into fall. The Lance Leaved is deer resistant and tolerates partial shaded areas.

## Black Eyed Susan *Rudbeckia hirta*

250 seeds / packet | Annual | Sun

The Black Eyed Susan is a wonderful, stiff upright flower that is stunning and will definitely grab your attention. They thrive in most soils in full sun. This variety is an annual or short-lived perennial.

## Wild Bergamot *Monarda fistulosa*

500 seeds / packet | Perennial | Sun, Part Shade

Wild Bergamot is great for dry locations and produces beautiful mid-summer violet blooms that have a wonderful scent! The Wild Bergamot will attract a large amount of butterflies, bees and hummingbirds.

## State Fair Zinnia\* *Zinnia elegans*

100 seeds / packet | Annual | Sun

State Fair Zinnia is a favorite for its jumbo 5" flowers that bloom in a wide range of colors! State Fair is disease resistant with terrific sun and heat tolerance. Their flowers act like landing pads for nectar-seeking butterflies.
